## About Me

my name is arslan khaliq and i'm a Self-taught graphic designer with 1.5 of experience creating visual designs for various mediums, including digital and print. Proficient in design software such as Adobe Photoshop, Illustrator, and InDesign. Strong understanding of design principles and a keen eye for detail. Passionate about creating visually impactful designs that communicate effectively and aesthetically.

## Professional Experience

work experience 1.5 years

- As a freelance graphic designer on Fiverr, I have had the opportunity to work with a wide range of clients from all over the world. From small businesses to large corporations, I have designed logos, brochures, social media graphics, and more. The platform has been great for finding new clients and building my portfolio.
- I have also found success on Instagram and Facebook as a graphic designer. Through these platforms, I have been able to showcase my work and connect with potential clients. I have also been able to network with other designers and artists in the industry, which has helped me to stay up-to-date on the latest design trends and techniques.
- Overall, my experience as a freelance graphic designer on Fiverr, Instagram, and Facebook has been incredibly rewarding. I have been able to work on a variety of projects and learn from different clients, and I have been able to build a strong online presence for my business. I look forward to continuing to grow and develop as a designer on these platforms.
